CLASS HISTORY

As freshmen, we earned the title of hard workers for we were the first to start the tradition of white washing the "C". Mr. Dayton, our advisor, proved himself to be a good sport by taking us on picnics and parties. Fumiko and Takaharu Kusaba of Sage joined our small class at this time.

When we advanced a step higher into the Sophomore class, two of our members, Irvin Pearson and Evan Taylor dropped out, and a new member Verla Roos of Freedom, Wyo. joined our ranks. Under the sponsorship of Mr. Boyd, we went on a picnic to Bear River Bridge where we fried hamburgers, and enjoyed ourselves immensely. Then we gave a student body party.

By the time we were Juniors, our class had increased still more. Evelyn Boehme of Geneva, Idaho, Jack Baker of Montpelier, and Cora Power of Bancroft joined us. First came our play, "The Hidden Guest." Next the Juniors presented "The Taming of the Shrew" for Shakespearian night. We had a party between these and our next play "Salt Water Taffy." Miss Margaret Chrisman was our advisor at this time, and handled everything with very capable hands. Then we gave a Junior Prom which was a big success. The Gymnasium was decorated to resemble an Arctic region. With polar bears, blue lights, Aurora Borealis, igloos, icebergs, snowmen, and snow covered pine trees, the gymnasium was transformed into a beautiful northern scene.

When we all met again as Seniors, Evelyn Boehme was missing, but Hellen Teuscher took her place. Speech was offered in the curriculum this year with Miss Susan Alleman, as teacher. It was under her supervision that we gave the play "Crashing Society." This play was well given. Since our advisor was Mr. Bender, and assistant advisor Miss Smalley, the Senior Ruff, given by us with their help and assistance, was also a big success, and a very nice dance. The Gymnasium was decorated in black and white, with a large group of red balloons hanging from the center, which gave the room a charming effect.

With great happiness in our hearts and some misgivings, we the Senior Class of '36, look forward eagerly to graduation and commencement hoping that when we are out for ourselves we will not break the chain of good luck and success which has been our lot in high school.

Verla Roos

CLASS OF '36

As we, the class of '36  
Upon life's voyage go  
And all our comrades see us mix  
With other folks--both friend and foe.

A happy spirit is left behind  
To mark our attendance in this school,  
Also a tender thought most kind  
Which shows our obedience to each rule.

And if the going gets too rough  
We'll think of Cokeville High.  
Nothing then, will be too tough  
For our inspiration did not die.

The memory of those happy days  
Will linger through the years.  
On those old pictures will we gaze  
And our eyes will slowly fill with tears.

Yes, when we are old and bent  
And have traveled far and nigh.  
We'll find the best time in our lives was spent  
At dear old Cokeville High.

--Verla Roos.

CLASS WILL

We, the class of 1936 of Cokeville High School, County of Lincoln, State of Wyo., being perfectly sound mentally, and realizing we are about to go out on the sea of life, do make, ordain, publish and declare this to be our last will and testament.

We, the class of 1936, do give, without any feelings of superiority, to the class of '37, our wonderful dramatic ability which made possible our many successes on the stage.

I, Ellen Stoffers, will to Margaret Dorsey, my gift of gab.

I, Earl D. Haggerty, realizing how perfect my attendance has been, will all my absences to Maxine Nelson.

I, Marvell Larson, give freely and unselfishly, my violin technique to Mr. McFarlane to be divided evenly among his classes of '37 and '38.

I, Forrest Nelson, in order to assure victory for the C. H. S. deed to coming athletic teams, my genius in basketball, football, track, etc.

I, Verla Roos, will my position on the staff of the Cokeville Register to Gene Birch for furthering the advancement, progression, and betterment of mankind.

I, Johnny Etcheverry leave my John Barrymore profile and my inspiring interpretation of Scruples-Scruples, the butler, to Riccy Anderson.

I, Billy Snowball, knowing what a second Clark Gable I am, will to Roscoe Layland, all my one time sweethearts, and also those I will discard in the future.

In order to give all girls a better outlook on life and a big break, we, Vera Power and Hellen Teuscher, do bequeath to you, single blessedness.

I, Jack Baker, will my ability to argue to June Mumford.

I, Cora Bower, will to Paul Hansen my pleasing plumpness and sunny disposition.

I, Bob Teichert, give wholeheartedly without any pangs of regret, to Isabelle Gastenaga, my love of work.

I, Fumiko Kusaba, will my beautiful long black braids to Miss Smalley to be used in the make-up kit for plays etc.

I, Takaharu Kusaba, bequeath to Ray Taylor my studious habits and high ambition.

We the Seniors of "36" will to the faculty, our power of leadership, our excess brain matter and our wonderful personalities as a whole, so that even though we are gone the congenial atmosphere of our class will still remain.

Verla Roos

## PROPHECY

### TEN YEARS HENCE

"Imagine walking into a saloon ten years from now and finding Bob Teichert as bar tender. That is exactly what has happened. What's that he is telling me? Ellen Stoffers, celebrated virtuoso, is in town? Well, would you ever! It seems "Crashing Society" did its best to transform her.

And speaking of plays, I'm told that Earl D. Haggerty is now conducting a six weeks tour presenting "The Haggerty Players" at prominent high schools and colleges.

Now, Bob, let me tell you something. It's a known fact that Marvell Larson has broken no less than a dozen hearts. She is now in Reno getting a divorce from her fifth husband. Of course it's the truth! I'm the husband! I did not think you'd recognize me. I'm Billy Snowball. Oh well, I guess it's tit for tat. You see, she is my fifth wife.

I visited the University of Wyoming one afternoon and found Mr. Boyd in a post graduate geometry class and can you guess who the instructor was? No, you can't, so I will tell you. None other than Verla Roos, the geometry star.

You don't know whatever became of Forrest Nelson, alias Swede, do you? I can see you don't read the newspapers. Swede Nelson is the worlds heavy-weight champion.

Oh dear, time flies so fast. It was only ten years ago that Johnny Etcheverry, my best pal wasn't known out of his own little sphere and now his fame as a tap dancer has gone to the far corners of the earth.

By the way, where is Cora Bower now? You say she established the world's record parachute jump for women! And she jumped 25,000.4 feet from an airplane without an oxygen apparatus.

Dear, dear, incidently, did you know that Takaharu Kusaba has a most gruesome job as caretaker, in Japan? My, my, and Fumiko Kusaba broke the American record in swimming at Manhattan beach last summer.

Gosh, we're having a real old chat, aren't we? Let's see whatever became of Hellen Teuscher and Jack Baker? My goodness! Hellen slipped one over on her husband and eloped with Jack! I suppose she got a divorce first. Heavens! You say she returned to the rejected husband again because Jack was too much of a shiek. Tut-tut! Oh well, may the best man win.

And would you believe it? The other day I passed through Chesterfield and whom would I meet but Vera Bower. She admitted her fate had been sealed when she married but what was she to do now? With eight children and so many cows to milk, her hands are tied.

Well, Bob, I have enjoyed very much my little chat with you and must be on my way so until next time, good-by."

Junior Class

As we see the seniors walking down the halls, it pulls on our tender heart strings to think that we will not see them treading this hall next year and to think that we will be in their places.

We had many arguments with the seniors this year but we forgive them. What is an argument but a link in the chain of love?

This year seems to have been a wonderful year for us. We were one grade higher than last year and feeling ourselves rather broader in mind and soul.

We feel that the Junior year is one of the busiest years of all four years in high school.

We gave a play which was a success, a prom that will never be forgotten by any of us, and also a banquet for the seniors that was unforgettable.

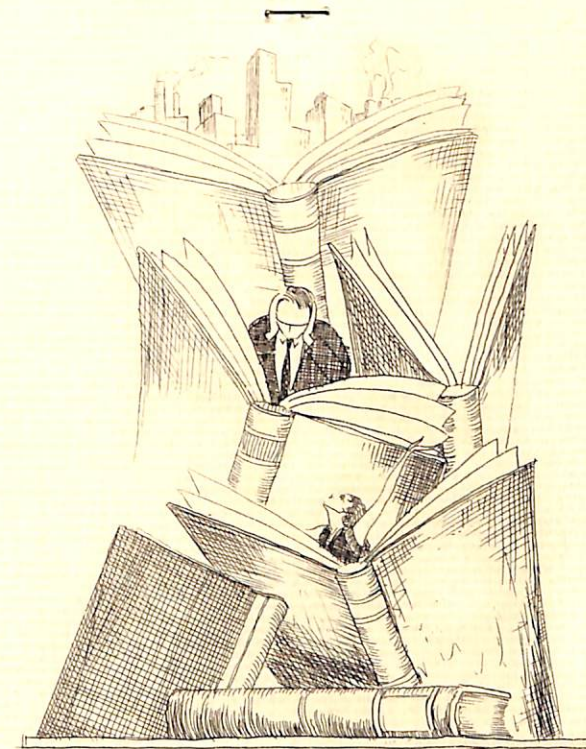

Juniors were as follows:

- Dohreen Butler: There is no room for sadness when you gaze at her cheery smile.
- Cora Hart: Methinks she will make her way.
- Harold Mumford: Slow and steady wins the race.
- Betty Curtis: If she has faults she keeps them hidden.
- Verna Stoffers: Happy am I, from care, I'm free, why aren't they all contented like me.
- Margaret Dorsey: Not that I love study less but that I love fun more.
- Lynn Somsen: A typical ladies man.
- Willard Dayton: He lives to build and not to boast.
- Max Alley: A sunny temper guilds the edges of life's darkest cloud.
- Verda Herschi: I would not grow too fast for sweet flowers are slow and weeds make haste.
- Bob Bennion: He studies or sleeps at his own sweet will, witty, lively, full of fun.

Virginia Hidalgo: Her ways are ways of  
pleasantness and all her  
paths are peace.  
Isabelle Gastenaga: I don't know where I'm  
going, but I'm on my way.  
Orville Nicholls: From a little spark may  
burst a great flame.  
Frank Jacobsen: What is size compared to  
brains.  
Elmo Haggerty: His smile was never long  
in showing.  
Adeline Alley: True as the steel of the  
tried blade.

SOPHOMORE HISTORY

In the fall of 1934 twenty scared, green freshmen entered the doors of the Cokeville High School to begin four years of well, what would you call it? Mr. Dayton was their advisor and David Zumbrennen their president.

They usually got in on the dish washing through the whole year when any party was given. They survived through the hard ships and privations of that year and entered school again in 1935 calling themselves Sophomores.

Samuel C. Bennion was elected president of the Sophomore Class and Mr. Boyd advisor. They had their picnic and had lots of fun. The fun continued through out the year. They started working on a play but decided to wait until they were Juniors.

The members of the class who managed to live through the years and are still with us are:

Sam Bennion: You can't rise with the lark if you've been on one the night before.

Marian Bennion: She who laughs last seldom gets the point anyway.

David Zumbrennen: The fellow who used to walk a mile for a Camel now gets a lift from the same brand.

Helen Evans: She was a professional athlete of the tongue.

Maxine Nelson: You can never tell about a woman, you shouldn't anyhow.

Ricy Anderson: After all most any Jail will do for accomadations in a pinch.

Gene Birch: We are having an uncorking good time.

Veldron Jones: Poets are born that's the trouble.

Marlin Hendricks: Is he a reckless driver? Say, when the road turns the same way he does, it's just a coincidence.

Betty Lou Stoner: She knows how to give a man her own way.

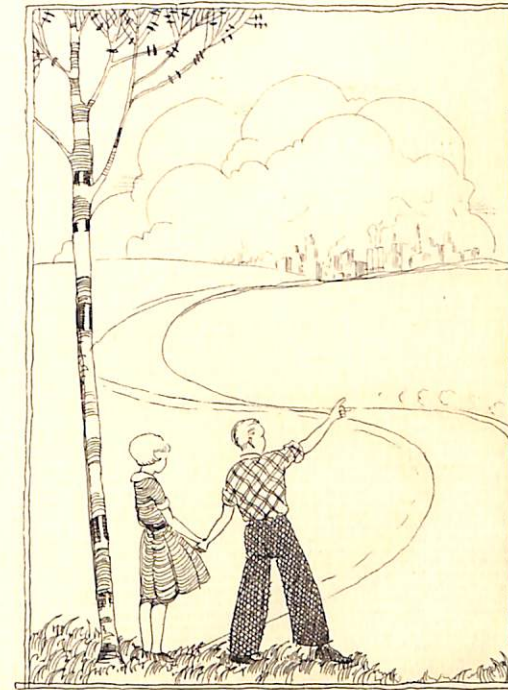

Ray Taylor: Work fascinates him. He can sit and look at it for hours.

Roscoe Layland: He has such a swelled head he's thinking of joining the Navy to let the world see him.

Ralph Langford: He only listens when he talks.  
Athene Bower: She thinks men are as transparent as cellophane and as hard to remove once you get wrapped up in them.  
Jack Cochran: He has a head like a door knob anyone can turn it.  
Neoma Hidalgo: A lady is a woman who always remembers others and never forgets herself.

THE FRESHMAN HISTORY

One sunny day in September 1935 the ship of education with a crew of twenty-five began its journey of four years through the Cokeville High School. Captain of the crew was dependable Margaret Morley while first mate was Doyle Knouse. Of course they needed someone to keep account of their voyage and funds. Evelyn Dimick was given the job of secretary-treasure. Fern Langford was their star reporter. Connie Jacobsen their trustworthy student body representative saw that they got their dues from the student body fund. The rest of the crew were:

Ray Reed, Mary Ball, Bette Ruth and Kathryn Mau, Rene, Mary Jean, and Helen Etcheverry, Joe Lucero, Victor Cheney, Ella Wilde, Russel Bagley, John Layland, John Julian, Katherine Quintana, Doris Evans, June Mumford, Melvin Eschler, Gerald Hidalgo, and Audrey and Roene Ineck.

The sailing was clear until the third week when the upper classmen initiated them (And How!) After wearing their clothes backward and riding stick horses for a week they again traveled smoothly on.

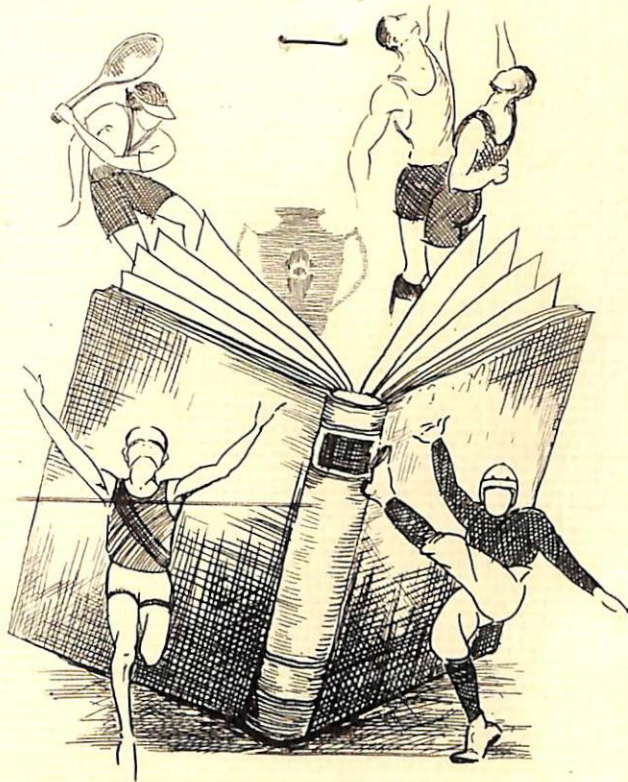

Four of their crew decide to try cruising elsewhere. Kathryn Mau sailed to Rock Springs High School, Johnny Julian went ashore to try his luck at sheep herding, Victor Cheney was off to Gooding, and Joe Lucero leaving the crew, joined the C. C. C.

The crew was not over active but they attempted to do their share. They gave a well attended Freshman Picnic at the beginning of the year. Later they entertained the student body with an assembly. Toward the end of the school term they had one of the few Freshmen Frolics ever given at the C. H. S. It was given in Leap Year form, the girl having the programs. This party was considered a success.

They are now on a clear sea again and wish to continue being so during their next three years voyage in C. H. S.

TRACK TEAM

The members of the Track team this year are: Forrest Nelson, Bob Teichert, and Takaharu Kusaba, Seniors; Max Alley, Orville Nicholls, Bob Bennion and Elmo Haggerty, Juniors; Roscoe Layland, Sam Bennion, David Zumbrennen, Marlin Hendricks, and Ricy Anderson, Sophomores; and John Layland, and Doyle Knouse, Freshmen.

## VOLLEY BALL

Interclass Volley Ball Tournament was held and each class had all the boys in their squad. The tournament ended with the Seniors taking first place; Juniors, second; Sophomores, third; and Freshmen, last.

## TRACK MEETS

High School Track was not as successful this year as usual, due to three factors, bad weather and a late spring, younger material and poorer application on the part of the boys. Bob Bennion injured his knee in vaulting and was out for the season, a few others were ineligible.

Where Cokeville won the county meet last year this year it was clearly Kemmerers. The following places were won by the boys.

Layland--1st in the 220, 2nd in 50 and 100 yd dashes.

Alley--1st in 50 yd dash, 2nd in pole vault, 2nd in javelin.

Nelson--3rd in the low hurdles.

Anderson--2nd in the high jump, 3rd in the high hurdles.

Teichert--3rd in the 440 yd run.

The relay team composed of Alley, Teichert, Nelson, Layland won the 440 relay but were disqualified. The same team took second in the 880 relay. Others who showed up were:

Zumbrennen--dashes

Nicholls--jumps

S. Bennion--Hurdles

Only a few boys took the trouble to prepare for Rock Springs district meet so Coach Boyd took only Layland, Teichert, S. Bennion, Hendricks, and Anderson.

## Manual Training Department

Quite a lot of work was accomplished in shop this year. The grades earned ranged from A to D.

A good motto for shop work is "Quality rather than Quantity". Not all of the class made use of this adage.

The class had access to all of the tools and machinery and a good deal of lumber was used during the year. Each member was required to give a report on some interesting phase of shop work each six week period. These were to acquaint us with the various tools and machinery and proved valuable to those who were really trying to do good work.

We hope that shop work will be offered again next year, so that we may make some of the projects which first year students were not permitted to undertake.

Ricy Anderson

Much work was completed by our class. No outside activities were given except an assembly, which was a success. We dramatized "The Three Bears" and "Little Red Riding Hood". A talk on Spanish customs was given, and two Spanish Poems.
