Foreword

We have attempted to make this year's annual a pleasant memory; colorful, interesting and of some value, so that in future years after you have gone out into the world seeking your chosen career you may be able to look through its pages and live again your days in Cokeville High School.

Memories of the things you participated in will all be of some value to you. You will remember your teachers for their various characteristics, your chum and what he or she added to your life, and the problems that confronted you and how you overcame them.

The New Grade Building

In anticipation of a building program the School Board purchased 23 lots adjacent to the original school site. The town council by resolution closed the streets and alleys separating the various lots making the property into one plot of approximately eleven acres. This gives space for an athletic field with ample areas for grade playgrounds. It is planned to fence the portion used by the grade pupils from the streets as a safety measure.

THE NEW BUILDINGS

Last summer under a PWA project a separate gymnasium building and a six room grade building with a suite of offices were added to our school system, making a great improvement in the appearance of our school grounds as well as in the efficiency of the school program. Both

Sixth Grade Room

Second Grade Room

The old grade building is being remodeled with concrete stairways, sanitary lavatories, new wiring and ceilings in order to eliminate the undesirable features of the structure which for more than thirty years served for grade school purposes. The space will be used for lunch room, shops and music rooms.

A central heating plant in a separate fire-proof structure furnishes heat for all four buildings.

SENIORS

Senior History

At the top of the toboggan slide of our high school days we chose Margaret Morley to guide us down the first lap with Doyle Knouse to help out in case any disaster befell her. No accident occurred as our Frolic was a huge success. On the next lap Doyle took over the job as our leader and we succeeded in giving a very entertaining Hop. On the third and very dangerous lap we chose Mel. Exchler to take the bumps. We made the school shiver with our play "Drums of Death" and thrilled them with our Prom and banquet. Then up in front of us appeared a very dangerous curve, our Senior year. We picked Bette Mau to guide us through it. Our play "Adventures of Grandpa" brought down the house and our Ruff made history. Of those who started to the bottom of the hill came Russel Bagley, Melvin Eschler, Helen Etcheverry, Mary Jean Etcheverry, Rene Etcheverry, Mary Ball, Doris Evans, Audrey and Roene Ineck, Gerald Hidalgo, Margaret Morley, Katy Quintana, and Ray Reed. Members we picked up on the way were Inez Toomer and Nona Hayes.

Junior History

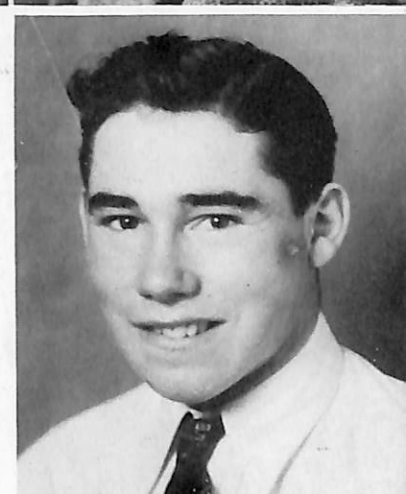

With a gust of wind we left the peak, starting for our goal, our diplomas. We brought from our midst Ernest Nicholls to guide us down the steep incline. Our Frolic gave us pep for our first year. And Sage gave us Bud Julian for our second year leader. Our social record was full, topped by the Sophomore Hop. Being partial to boys, we picked Dwight Cochran for our third president. We fought bravely for our play "Youth Comes Tripping." Our Prom went over with a "bang." So we ended up three fourths of the way to our goal with everything under control. The students who were too shy to have their pictures taken were Johnny Stocco and Mary Stotts.

From this we emerged not only with knowledge but with a record of being good hosts at our Hop.

FRESHMEN

Freshman History

With their sails full of wind and confident of a victory over the upper class men they entered the exciting life of C. H. S. The initiation made them look for calmer waters but they all took it in good spirit. They stopped for a rest and in order to win their next big undertaking, the Freshmen Frolic, elected Ralph Layland as their president. The Frolic was a success and proved their ability to carry over any large project. They were outstanding in sports and in holding a friendship bond with the Geneva people especially the girls.

T. N. T. Club

The T. N. T. with good sportsmanship as their objective started out with a lot of enthusiasm and good will. Bernice Bennion was chosen as President. At the beginning of the year the members decided to install the point system, a system by which all the members retained their membership by a certain number of points. A special secretary, June Mumford, in addition to the regular one, Ruby Bailey, was chosen in order to do this. Elvonne Dayton was chosen as Vice-president Mary J. Etcheverre, Jean Herschi and Roene Ineck were yell leaders. The club entertained at all the basketball games by giving stunts.

Girls' Athletics

The girls this year were more active than they have been for some time. At the beginning of the year a class was started with Mr. Boyd as Director and Ruby Bailey, Secretary. A basketball team was organized and an interclass tournament was played with the Juniors first, Junior Hi second, Seniors third, Freshmen fourth, Miss Benz refereed at all games. When spring came, the outdoor sports were taken up with some thought of a track meet. It is hoped that next year more girls will find occasion to use our fine new gym.

F. F. A.

The F. F. A. under the leadership of Dwight Cochran, their president, started another successful year. Mr. Rallison was again their sponsor. Several of the boys went to the Ogden stock show and gained a lot of useful information which added to their knowledge of judging animals.

March 31 a public speaking contest was held in Cokeville for the F.F.A. boys who wished to participate. Hamilton Teichert was the Cokeville representative. The Home Ec. girls served a very delightful dinner for the boys. April 1, the boys gave their play which was a success. April 14, several members of the organization went to the Convention at Casper and were hailed as a success. A special motion picture was taken of Raymond Bailey, who entertained at several sessions by playing his guitar and harmonica. A banquet which they gave on May 12 was also a success.

F. F. A. PLAY

Again the Future Farmers of Cokeville presented their play with much success. A farce comedy in three acts, "Down on Abbie's Farm," with a well chosen cast as follows:

Football

This year saw much interest in football. Games were played in mud, snow water, and on hard shale. The games created defeats, ties, victories, experience, fun, and knocked out players.

The first game was played at Kemmerer with neither team being able to score. After that, Reliance's first football team came to Cokeville, played us in the snow, and won by a score of 8 to 0. A return game was played with Reliance in the Rock Springs stadium, the result being a decisive victory for Reliance and fun and skinned legs for the Cokeville boys. The last game was played with Kemmerer at Cokeville, the Panthers using all of their strength and spirit to defeat the Rangers by a 7 to 0 score.

PLAYERS

Seniors—Gerald Hidalgo, Melvin Eschler, Ray Reed.

Juniors—Bob Anderson, Stanley Nate, Ernest Nicholls, Bud Julian, Melvin Bennion, Johnny Stocco.

Freshmen—Glee Cozzens, Bob Cork, Harold Alley, Ralph Layland, Horace Stocco, Frances Branson, John Reed.

Basketball

The new \$40,000 gymnasium which was completed late in 1938 caused much interest and hope in basketball games and teams. The gymnasium is one of the largest and best in this district and it is believed that it will help in producing a superior team.

The Cokeville Panthers lacking in size and experience lost their first game of the season at Laketown but were not discouraged. They won the first game in the new gym when Laketown played a return game here. Ernest Nicholls has the honor of being the first to score in a competitive game in the new gym.
