### *Message from the Board*

THE GREATEST HERITAGE OF AMERICA, her most precious asset, her greatest safeguard, her most important, most potentially profitable enterprise, is her youth.

The America of tomorrow will be determined by how well we teach and train the youth of today. With that thought in mind, it has been the objective of the Board of Education to provide, as far as possible, competent teachers and equipment whereby the youth may be instructed in the arts and sciences, in the history of the world, and to prepare them to be useful citizens and the capable leaders of tomorrow. With Lincoln we say, "Study and get ready and some day your chance will come."

S. REED DAYTON,  
Chairman

# *Administration*

*Superintendent*  
*F. Robert Paulsen*

**D**URING THE YEARS of my association with students of Cokeville High School, I have emphasized one theme among many. This theme was stated centuries ago by the famous Roman lawyer, Seneca. In effect he said: "Speech is the index of the mind."

Thus, if I might leave a message in print, it would be to state and reaffirm my spoken word that upon your graduation from the associations pictured in this book, your diploma shall be the words you use in daily life. The mark of education will not be measured by the honor roll nor the certificate you receive at commencement. It will ever be that relationship inherent in the concept of propriety expressed in word and deed.

F. ROBERT PAULSEN,  
Superintendent

*School Secretary*

Among the outstanding events of the year the Senior Ball and Play, and the Junior Prom and Play were classified as the most impressive. They were presented with great enthusiasm and achieved active participation. In traditional manner, members of both classes looked forward to the annual Junior-Senior Banquet. The climax of the school year came with the doning of caps and gowns and the departure of 1954's Seniors to take their rightful place in the world of tomorrow, leaving the key to their success to the Seniors of 1955. May their efforts be rewarded!

To the Sophomores we give credit for their outstanding originality in their initiation of the Freshmen, and also to their successful mid-winter dance.

Congratulations go to the Freshmen for their good sportsmanship in enduring their initiation into high school life. As a class, they will long remember their first dance. May they set their goals high for their future activities!

## *Rambouillet Staff*

For many years Cokeville High School has been outstanding among the schools of the state—outstanding for its good sportsmanship and student spirit, and outstanding for its interest and participation in the fine arts. We are proud of our achievements in art, homemaking, and agriculture. Our school is unique in the high percentage of students enrolled in music classes. These activity organizations have made noteworthy records in competition with other schools. Our graduates take their place in the community and in the world, bringing satisfaction to themselves and to the school in the achievement of their activity.

As representatives of our school, and in making this publication, we are proud of the high ideals and standards of achievement for which we are known. May we uphold these ideals and pass them on to our posterity.

We're loyal to you, C. H. S.  
To your colors we're true,  
C. H. S.  
We'll back you to stand  
As the best in the land,  
With our head, heart, and  
hand, C. H. S.  
We'll cheer for our dear  
Cokeville High,  
Her banners will fly to the  
sky;  
All hail to our Alma Mater,  
To her give praise and honor,  
All hail to our dear old High.

## *C.H.S. Pep Club*

*Fling out that dear old flag  
and carry it through,  
You've got your sons and  
daughters fighting for you,  
Your colors fly before us,  
Orange and Black, o'er us,  
Loud rings the chorus.  
Amid the high, old hills sur-  
rounding the land,  
For honor, labor and for learn-  
ing we stand,  
And unto thee we pledge our  
heart and hand,  
Our Alma Mater, C. H. S.*

## *Cokeville Chapter of F. H. A.*

The Cokeville Chapter of F. H. A. has always taken an active part in state and national activities. We are especially proud this year to have one of our members, Mary Katherine Conzatti, serving as President of the State F. H. A. Association. Mary Katherine, as State President, and Carol Dayton, as local delegate, attended the National F. H. A. Convention held in Columbus, Ohio, last July.

F. H. A. activity is excellent preparation for becoming qualified to take a woman's rightful place in the home. We are proud that so many of our members carry on their home-making work and activity in the different community organizations after they complete their high school work.

**MARY K. CONZATTI**

Annual Fathers' and Sons' Banquet

## *1953 Football Lineup*

In the four short years that football has re-entered the sports calendar of Cokeville High School, it has become a favorite activity. The support of both students and townspeople is evident. During the season, the game with Pinedale was the team's only loss. This loss placed us in a three-way tie with Hanna and Pinedale for the District Championship. The play-off was held in Rock Springs on October 30. The Panthers showed their might and proved worthy of bringing home the Championship trophy. This victory entitled the team to contend for the Regional Championship against Glenrock. Although we were defeated, the experience was a thrilling climax to the season. We look forward with pleasure to the 1954-'55 football season.

## '53 *Cokeville Panthers* '54

Basketball reigned as king of the sports activities during the 1953-'54 school year. The Cokeville Panthers proved worthy opponents to all their rivals during the season. The "never-say-die" spirit of the team and the loyal support of their fans carried them forward on the road to success. In spite of the disappointments encountered by the team, good sportsmanship was highly evident and ever present. Although we failed to win the district tournament, the team still merited high honor in the eyes of all who witnessed their activities. They were ably assisted by Don Roberts as manager. Jack Noblitt and Stanley Thompson were chosen from our group to be on the All-Tournament team. The Junior High School won second place honors at their tournament, held in Lyman on March 26 and 27.

*"Merry Christmas, Mr. Snowman" - Grades 1-3*

The grade school operettas highlighted the activities of the Christmas celebrations at the Cokeville schools. Grades one and three presented "Merry Christmas, Mr. Snowman," and "Santa Claus' Workshop" was given by grades four and six. Julie Ann Somsen and Mrs. Murdock were accompanists. During the break between the operettas, the high school girls' chorus sang two Christmas songs. As in former years, the hall was crowded to capacity.

*"Santa Claus' Workshop" - Grades 4-6*

**PROM  
ATTENDANTS**

**CLAUDIA  
NETHERLY**  
Senior

**LINDA  
DAYTON**  
Junior

**PROM  
ATTENDANTS**

**DEE ANN  
NATE**  
Sophomore

**MIRIAM  
MAU**  
Freshman

**GAIL ALLEY**  
Junior Prom Queen

The greatest thrill that can come to a girl during her Junior year is to be chosen Prom Queen. The girl upon whom this honor is bestowed is chosen by the Junior Boys as representing the high ideals and standards of the class. The attendants are chosen from each class in a similar manner, and are honored at the Prom with a gift of remembrance.

**STUDENT BODY QUEEN**

A candidate was chosen from each class to compete for the position of Student Body Queen. Of the four candidates—Billie Faye Wright, Patsy Pugmire, Jimmie Ann Wright, and Miriam Mau—Jimmie Ann was selected by the entire student body to reign as queen of student activities. She received special recognition on the Awards Assembly and acted as hostess on Parents' Night.

**F. F. A. QUEEN**

Jacqueline Mau reigned as queen of the F. F. A. organization. At the carnival on March 25th she drew the lucky number for the raffle prize. Jackie also awarded the ribbons and trophies at the annual Junior Livestock Show. On July 24th she will be privileged to ride on the F. F. A. float entered in the Pioneer Day parade. Other contestants for the honor were Carol Dayton, Doris Wilde, and Dee Ann Nate.

**JIMMIE ANN WRIGHT**  
Student Body Queen

**JACQUELINE MAU**  
F. F. A. Queen

## *Senior Ball*

The annual Senior Ball was held in the Cokeville High School auditorium on December 4. The hall was attractively decorated, with a rainbow, garden, raindrops, and silhouettes characterizing the theme, "Garden in the Rain." Punch and doughnuts were served to those in attendance in the garden cafe. A large crowd danced to the music of the Cache Swingettes.

## *Junior Play*

Those who attended the performance of "If Mother Only Knew" on November 20 will long remember the antics of Hercules and Wilbur, the dramatically quoted speeches of Bernadine and Betty Lou, the love and debate interest portrayed by Connie and "Brains," and the realistic troubles of the adults involved. Mr. Paulsen, director, and Mrs. Teichert, dramatic coach, helped to make this play an outstanding presentation.

## *Home Economics*

One of the most important subjects in the curriculum of the girls in high school is Home Economics. Pictured is the group of Freshmen students. Through their work in sewing, cooking, child care, and personal grooming, the girls prepare themselves for their future careers as wives and mothers.

## *Typewriting*

Skill and co-ordination are important factors in learning to type. In this picture appear students of the Sophomore class. With the knowledge attained in business courses, we can help to improve the standards of the business world and increase our prosperity.

## *American Government*

Among the many classes offered and one of the most informative and up-to-date is American Government. Shown here are a group of Seniors enrolled in the class. Through the knowledge we gain of government procedure in classes such as this, we can take our place in the community of tomorrow and build better government for future generations.

## *Biology*

One of the most interesting classes offered is Biology. Field trips and experiments play an important part in the objectives of this subject. Observing preserved animals and microscopic slides are the Sophomores. There are many openings in the business field requiring knowledge in this subject.

## *Band*

Musical talent also helps to develop character. We feel especially grateful for the new instruments that have been added to our band and the remodeling of the band room, which has increased the students' enthusiasm. The ability to successfully play a musical instrument results in satisfaction, both to the musician and to the listeners.

## *Art*

The development of artistic inclinations is one that is enjoyed by many students. We are privileged to have an excellent instructor; and through her efforts and the students' co-operation, we have won many prizes in the field of Art.

## *Chemistry*

Chemistry is a beneficial and interesting subject. Through the experiments performed in class, an understanding of material things and a development of technical knowledge are gained. Seniors and Juniors participate in this class.

## *Shop*

The skills and crafts used in a course of Shop are always a valuable asset. This subject teaches us to be independent and self-sustaining. The evidences of our accomplishments can be seen in various places in the school.

## CLASS PROPHECY

In 1964 Mr. Birch returned to Cokeville High School for a visit. While he was there he decided to inquire about the "Class of '54."

After months of investigation the following facts were revealed:

Don Roberts, now a famous electrician, is back east working on his new invention, an electric brain for students.

While in Cokeville, Mr. Birch was stricken with a severe toothache in his only tooth. He rushed to the dentist for help.

There he found Clyde O'Neill happily pulling teeth.

As he came out into the waiting room he spied Ronald Curtis and his little wife LaRue. (The former Beyler twin).

A door down the hall opened and John Matis, M.D., walked out. He and Darla are happily married, with a family of twelve.

After inquiring about LaVoy Taylor from John, he found that he had purchased a large dude ranch in Texas. He also inquired about Jack Noblitt, one of his better chemistry students. He found that Jack is considered the "Einstein of the twentieth century. He has discovered the 139th element.

John also told him that Jon Linford and Sharon (the former Miss Roberts) have a nice home in Raymond Canyon. He also found that Sherry was a successful business woman in Florida; she has a part-time job as a bathing suit designer.

Billie Faye is also in Florida with the combined dance band, "Billie Faye, Billy Mae Orchestra."

As Mr. Birch talked to John Matis, Jon Linford drove up. He had been on a visit to the Petersen Ranch. He told Mr. Birch that Carol and Gwen had made good, because the boys had combined their ranches and their dairy products were known all over the world.

Mr. Birch then drove to the Petersen Ranch. Gwen and Carol informed him of Jane Johannessen's wonderful job in Alaska. She teaches physical education to the Eskimos.

Afton Buckley is also doing very well as a stenographer. She is married to Ralph Vickery and living in Kemmerer.

While looking over good old C. H. S., he found Mardee Alley teaching the Seventh Grade. She plans to get married some day.

Mardee told Mr. Birch about Mary Kathryn Conzatti, the fastest typist and shorthand writer in the world. She said she heard Mary K. recently beat Tangora in New York. He was stunned at her flying fingers and proposed marriage. Mardee could hardly wait to tell of Freida's great experiences at being a bareback rider in Ringling Bros.-Barnum and Bailey Circus.

In hearing Freida's name, Mr. Birch immediately inquired about Claudia and was informed that she is now Mrs. Mark Layland, and is living in Jackson on the famous "Circle Q" dude ranch.

Joy Roberts is now working for John D. Rockefeller. She is a personal and private secretary.

Mr. Birch was very pleased with the Class of '54, and was returning to Encampment, when he stopped to pick up a hitchhiker. This passenger made the visit with the Senior Class complete. Eddie Herrera climbed into the car and admitted that he had millions, but preferred seeing the world as a vagabond.

The Senior Class of 1954 had been successful.

## SENIOR CLASS HISTORY

In the fall of 1950 the Class of '54, nineteen in number, entered that grand old institution of learning—Cokeville High School, eagerly anticipating the experiences that would be ours during the next four years.

As Freshmen we elected Clyde O'Neill as president. Our contribution during the year was a successful Freshman Frolic, "**Shine On Harvest Moon.**" Sherry Mallory joined our class during the year. Mrs. Somesen successfully and generously advised us throughout the year.

Entering the Sophomore year, we chose Jack Noblitt to lead us. Our Sophomore Hop was an original **Devil Dance** with the theme "Jalousie." We were joined during the year by John Matis. Mr. Shaw served as our adviser.

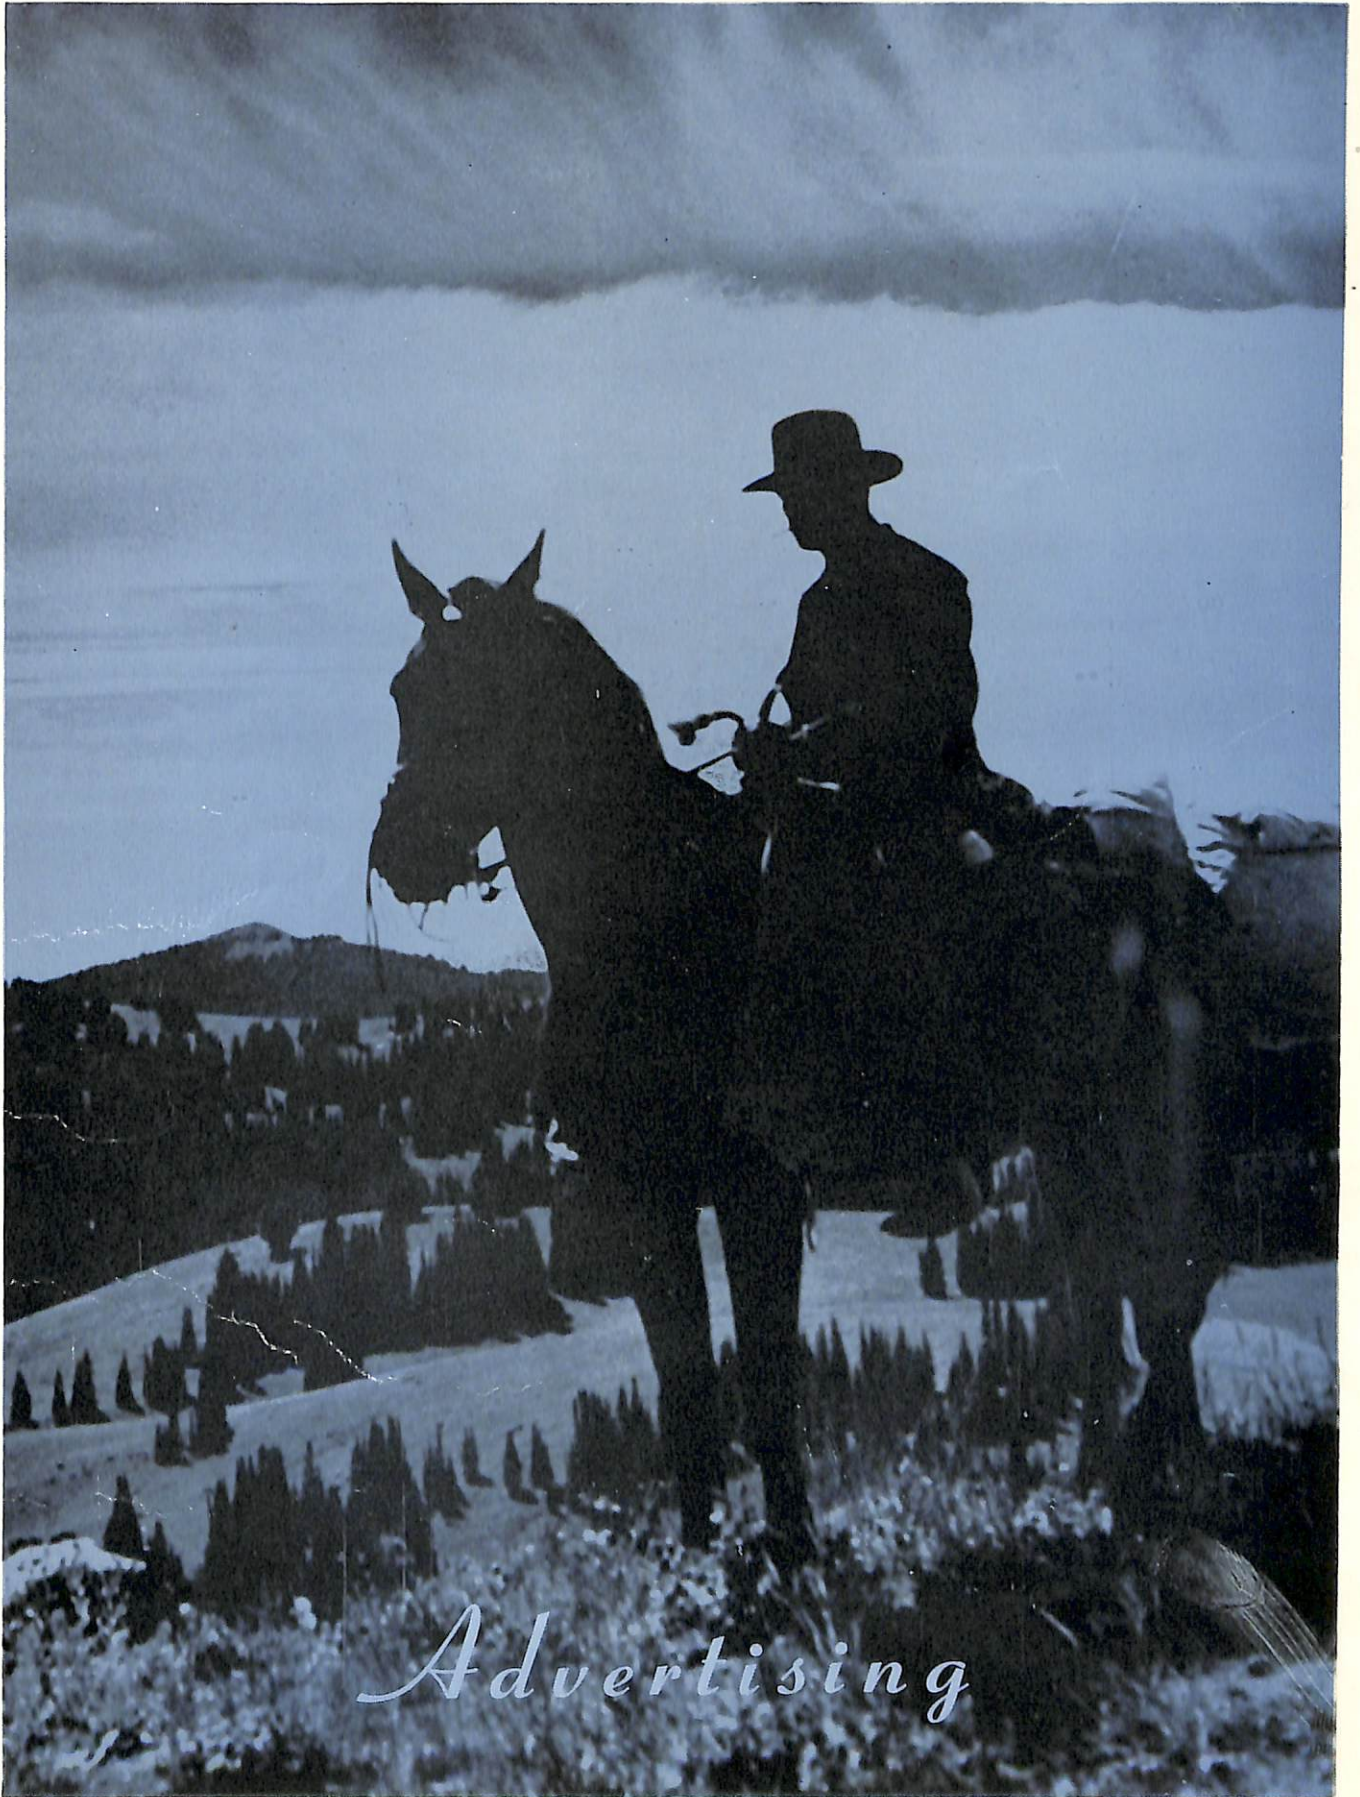

Joyfully we entered into our Junior year with Afton Buckley as president. This year we needed two advisers, and Mr. Ryan and Mr. Dayton served faithfully in this capacity. We were more active this year than ever before. We presented our Junior play, "Meet Me In St. Louis," which was considered very successful. Our most important event, however, was our Junior Prom "**Orchids in the Moonlight.**" We also planned and carried out our Junior-Senior Banquet. Jane Johannessen arrived as a new student during this year and helped us with our activities..

Suddenly, we awoke to the realization that we were Seniors. As Jack Noblitt had capably led us through our Sophomore year, we again chose him as president for this last important step toward leaving Cokeville High School. We lost Joanna Murdock through marriage, leaving us with a class of 20 students. Our Senior Ball, "**Garden in the Rain,**" was one of the big affairs of the year. Our advisers, Miss Mayes and Mr. Beecher, helped us during our Senior year.

And so we have come to the end with happy and yet heavy hearts. Smiling through tearful eyes, we say good-bye to "Dear Old Cokeville High." And to the teachers we say, "Thank you, for your patience and guidance."

"Goodbye Kids."

WE WISH TO EXTEND OUR APPRECIATION to all those who have helped make this publication possible and successful; especially to those who contributed photographs. Scenes of Cokeville, its industries, and its citizens, were obtained from Mrs. Dorothy Somsen. These pictures were taken by Mr. Bob Wallace. Class pictures and school shots were taken by the Staker Studio in Idaho Falls, Mr. Harold Phillips of Montpelier, and the student photographers.

IN THE YEARS TO COME, may all who read this book recall the events of this year with fond memories and happiness. It is your story.

EDITOR
