★ ★ ★ ★ ★ ★ ★

It has been a real pleasure to work with the members of the student body of the Star Valley High School during this year. Our war effort has made it necessary for us to forego many of the activities carried on in the past, but the year has been marked by a willingness on the part of both students and teachers to cooperate to the fullest extent.

On behalf of the faculty may I extend best wishes to members of our senior class. May they find success and happiness in their life journey after they leave us. May I also extend best wishes for a pleasant vacation to other members of the student body.

SENIORS

We, the Seniors of 1943, extend best wishes to all Star Valley High School students, only we hope you study more than we did.

We're quite optimistic about our future which presents quite a bright outlook in spite of the storm clouds here and there. Four short years have skipped by and now it's our turn to give you under-grads some practical advice. You may think you go to high school for fun. Well, it's a more serious matter than that, because if you study, you are prepared for a real future, and that should be your main thought at the present. Attend all school activities and your school life won't be a bit dull.

Well, kids, we won't make a sermon out of this, because after all, we are leaving a lot of knowledge in the school. We hope you can find it.

Dear Peg:

Well, we've certainly been busy this year with the junior class. Under the supervision of Miss Bonnie Gardner and Mr. Don C. Call, and with such officers as Lynn Chadwick as president; Helen Fisher, vice-president; and Lucille Jensen, secretary it was bound to be exciting.

We started the ball rolling in September when we had our roller-skating party at the Welch Hall. Everyone agreed it was fun, even Fern Burton, Jack Tippetts and Merrill Weber who got injured.

The last week in March and the first week in April were indeed eventful for that was the time of our assembly, prom and bond selling campaign.

All in all, we juniors have led an eventful year; one that will go down in the minds of 94 students, beside the history of Star Valley high. So long, now, pal.

Jackies

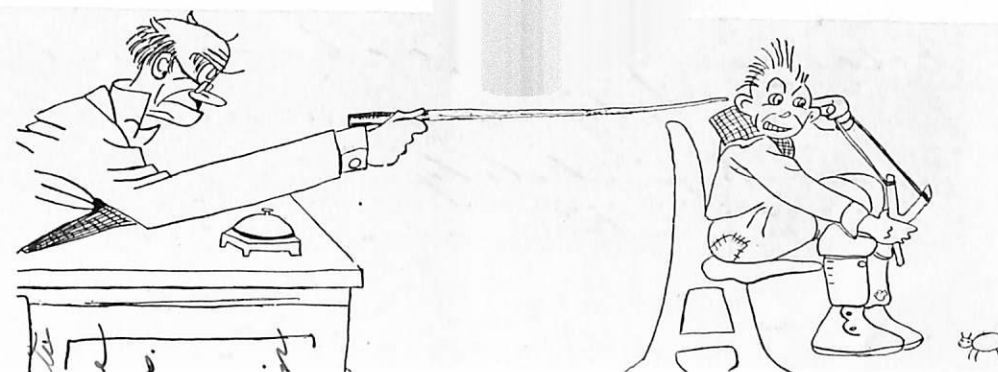

We the Sophomores of the Star Valley High School in order to form a more perfect school, establish friendships, insure activities, provide for the common defense, promote the general welfare of the school, and secure the blessings of education to ourselves and our fellow students, do ordain and establish this message of the Sophomores.

L. D. Nield—President

George McNeel—Vice President

Phyllis Chadwick—Secretary

Miss Carson, Mr. Campbell, Advisors

When, in the course of human events, it becomes necessary for Freshmen to dissolve the school bonds which connected them with grade school, and to assume, among the powers of the school, the separate and equal station to which the laws of the faculty and of the board of education entitle them, a decent respect to the opinion of the teachers requires that they should declare the causes which impel them to continue school.

We hold these truths to be self evident:—That all Freshmen are created equal; that they are endowed by their teacher with certain unalienable rights: that among these are friends, education, and the pursuit of happiness.

Delworth Gardner—President  
Helen Bagley—Vice President  
Val Dee Taylor—Secretary

### Our Team and Coach

Even though it was hard to get competition this year, the basketball season was very successful. During the season we won 12 games and lost three. We beat many of the best teams in the state including Rock Springs, Green River, Superior, Rawlins and every team in our own district.

The Cheesemakers placed third in the state conference. Vern Gardner, who was chosen all-state in football, also made the all-conference team in basketball. Captain Dean Nield was also outstanding.

Fine team work and sportsmanship were shown by every hoopster and congratulations are expressed by the entire student body and faculty to our splendid team and coach.

### Star "S" Club

President: Dean Nield

Vice President: Vern Gardner

Secretary and Treasurer: R. L. Call and Mack Brown

Qualifications: A person must earn 10 points in athletic events. He must have 14 points to be an officer and 20 to be president.

The club sponsored several dances and held two parties with the Pepstars. It had two initiation periods—one after football and one after basketball. Ten fellows belonged to the club at the first of the year, and this number was increased to 26 by the end of the year.

# *Activities*

The Student Council, composed of student body officers, class presidents, cheerleaders, athletic manager and Mt. Star editor, represents the school. We planned the activities keeping in mind the idea of patriotism.

Some members were sent as delegates to the student leadership convention at Rock Springs.

In connection with the two most outstanding basketball games we sponsored a show and dance. We have encouraged an assembly each week prepared by organizations and classes. We have sponsored a victory dance and carried on a month's campaign for a \$900 jeep, besides our stamp and bond sales by the various organizations and classes. We have worked with the valley to buy an airplane for the war effort.

And besides our administrative duties we have had time to have fun at parties. Our sponsor was Miss Alaine Randall and president, Darwin Wolfley; vice-president, Mary Beth Chadwick; secretary, Kerma Nield; and cheerleaders, Audine Kennington, LaDean Miles and Merrill Weber.

One hundred and ninety L. D. S. Seminary students wind up another successful year of study and activities. Outstanding among the accomplishments this year has been the renovation of the Seminary Building with new drapes, venetian blinds, pictures, etc., making it one of the most attractive and well equipped in the state.

Activities this year have included the traditional Harvest Ball, numerous Ward Sacrament meetings and the newly introduced Fireside programs.

A Sunday School organization in each class has been in charge of the daily devotional programs. M. I. A. Officers, Darrell Hoopes, Dawna Papworth Pringle, Dale Call, Phyllis Chadwick, Delworth Gardner, and Jeanne Stock supervised a well-planned program of social activities. Relief Society officers, Mary Bateman, Helen Findlay, and Louise Fluckiger have kept an eye on the welfare of the students, sending "get-well" cards and visiting sick members, and have suggested and helped make needed improvements about the Seminary Building.

*Best wishes  
Ray L Jones*

The Band of 42 members this year has been a big success. Mr. Overlade, the new music director, who came here this year, has done a great deal towards the success of this organization.

Highlights of the year were: music concert at Christmas time, playing for football and assemblies, and the concert put on in the latter part of April.

The school bought a pair of timpanies which has made a big improvement in the band.

## Glee Club

A concert under the direction of Mr. Overlade was presented the latter part of April. An orchestra accompanied the singing parts and special dances which were introduced.

The soloists were Emogene Roberts, Jacquetta Barrus, Duane Peterson, Marie Papworth, Ben Canning, and Gaylen Harmon. Patsy Moffat and the dancing chorus were the dancers.

One of the highlights of the club this year was the number presented during the visit of President Morrill of the University of Wyoming.

The officers of the club were Mack Brown, president; Helen Findlay, vice president; Lela Harrison, secretary and treasurer; Dee Halls and Phyllis Chadwick, reporters.

### F. F. A.

How can we help win the war has been the keynote of the ag. program this year. Secretary Wickard has said, "Food will win the war and write the Peace." The foods that are the most essential for production this year are milk, butter, eggs, meat and vegetables. The Ag. course this year has been built to help increase the production of these foods.

We realize that we are but a very small cog in the massive machinery of agriculture, but we don't intend to let that cog turn up missing when the gears of production are so badly needed. An agricultural victory means a military victory, so here's to victorious agriculture for a freedom loving country.

### Pep Stars

We are a club of twenty-four girls from the cream of the crop and two "Mothers" who are one and all out for success. We are twenty-six strong in co-operation, support and enthusiasm and 100 per cent for our good ol' S. V. H. S.

Our activities are numerous and interesting. We have at least one party each month within the club and have enjoyed two very successful parties this year with the Star "S" boys. We give everything we've got in backing the ball teams and have served luncheon to two rival teams. Our patriotic side was revealed when we totaled our stamp and bond sale to \$384.50.

We top it all off with a rip-roaring "Girls Day" which is girl's day from the time we don our costumes in the morning, serve all the girls' mothers to a delicious tea, till we deliver our boy friends to their door-step after a strictly formal dance.

We are Pep Stars exclusively from the day of initiation until we turn in our much loved and honored vests at the end of the year.

## TWIRLERS

The twirlers squad this year consists of 10 girls including Joyce Roberts, the majorette. They have performed in one program, the Christmas concert. Members are elected in by the squad each year as some of them leave.

They are as follows:

Jacquetta Barrus, Wilma Sessions, Fern Burton, Ruth Nield, Anna Gardner, Ressa Astle, Patsy Moffat, Belva Schwab and Jessie News-wander.

We, the journalism class under the direction of Miss Mae Carey, have worked hard this year to please the students. We published a Mountain Star every month, and a Twinkle every week until the students complained that the news was rather old. Then we decided to put out a daily paper with newer news. This paper was called the "Flash".

Our highlight of the year was editing this book, the Sta-Va-Hi, Jr. Nola Smith and Gayle Jensen served as editors and were ably assisted by the entire class. We are proud of it and hope you like it. Thanks for your cooperation. Next year you will see another of our efforts, "The Handbook," edited by Preston Conley and Aileen Child.

The Mountain Star staff included Jessie Newswander, editor; Jeanne Newswander, news editor; Cora Bell Osmond, business manager; Beth McCombs, assistant business manager; Nola Smith, feature editor; Aileen Child, exchange editor; and Marie Papworth, Boyd Simpson, Gloria Garvey, Larue Merritt, Preston Conley, Ruth Wright and Gayle Jensen as reporters.
